### **Administrative Procedure – Sunday Practices By Athletic Teams**

There are to be no regular practices or games planned or scheduled for Sunday unless the building principal and/or vice-principal/athletic director approves a Sunday activity.

If under unusual circumstances, the Building Principal approves a Sunday activity, students who have church obligations will be excused, and the students shall suffer no consequences of any nature.

Any Sunday activities approved by the Building Principal under special circumstances will not begin before 12:00 p.m. nor conclude after 5:00 p.m. Exceptions will be rare and will require meaningful justification.
